RULES FOR ALL BOATS

1. The boat captain must pre-register and turn in a team safety waiver on race day.
2. The entire hull, superstructure and seating of all boats must be made entirely of corrugated cardboard.
3. Only corrugated cardboard is allowed. Any thickness is permitted. If it's not corrugated, don't use it! This includes carpet tubes or barrels.
4. The hull may not be wrapped in plastic, duct tape, shrink wrap or anything else.
5. Only seams and joints may be taped, not the whole boat.
6. Oars may be of material other than cardboard. Fasteners (nuts, bolts, staples) may be used while glue is drying but removed prior to race.
7. Your boat must be free of sharp edges, pointy objects or anything else that could cause injuries.
8. The boat's passenger area must not be permanently enclosed above the occupants' shoulders. Each person must be visible while the boat is in the water.
9. Absolutely NO use of the following items: Tar-based substances, two-part varnishes, fiberglass resin, epoxy glue, any other two-part substances, or corrugated cardboard that's bonded to any material.
10. To qualify as a finisher in any heat, you must be IN your boat, not towing it in your teeth or between your legs.
11. No more than 2 humans allowed in any boat. All crews must consist only of friendly and reasonably warm-blooded characters.

12. Children under age 12 must have an adult in the boat with them.
13. All boat occupants must wear a properly fastened life jacket while in the boat or water.
14. Boats will race in heats with the top 2 in each heat moving on to the next round.
15. All boats are subject to a technical inspection for compliance with these rules. A boat must pass inspection to be eligible for any award or prize. You will have a chance to fix a violation and be re-inspected.
16. Chef's Pizza will provide up to 10 fresh boxes per entry to construct or decorate your boat.
